

"NEW WORD FOR LOVE"

The old words aren't sounding so good anymore  
The feeling don't seem to come through  
Life's gotten clinical and people so cynical  
They can't tell the false from the true  
But oh when you hold me without trying to control me  
I fall deeper with every touch  
To try to capture the wow that I'm feeling right now  
I gotta find a new word for love

A way to describe all I see in your eyes  
All the good things that wait for me there  
It's pure revelation, it's the sweetest sensation  
It's the answer at the end of a prayer  
It's wild and it's sweet, it's profound and it's deep  
Even a king would bow down to this stuff  
When I look at you, so real and so true  
I gotta find a new word for love

A new word for love  
Something no - one's heard of  
I gotta find a new word for love

A new word for love  
Something just made for us  
I gotta find a new word for love
